

Campgrounds & Recreational/Education Campgrounds

CAMPGROUNDS

Campground sites are provided for overnight sleeping accommodations for not more than 8 continuous months in any 12 month period

No more than two mobile or manufactured homes are allowed to be located in a campground. The operator must obtain a license as a manufactured home community from the Department of Safety and Professional Services or remove the additional mobile or manufactured homes from the campground.

For more information on campgrounds, visit the Department of Agriculture, Trade and Consumer Protection [website](#).

RECREATIONAL AND EDUCATIONAL CAMP

This type of camp offers both food and lodging for children and/or adults for a planned program of recreation or education.
